

Driving Strategic Advantage: Expert Technology Advisory & Seamless Cloud Transformation

Cirrystack, a dedicated Service-Disabled Veteran-Owned Small Business (SDVOSB), empowers organizations to achieve their strategic objectives through expert technology advisory and transformative cloud solutions. We specialize in guiding enterprises through complex transformations, M&A initiatives, and cloud modernization journeys. Our proven methodologies and frameworks, forged through extensive experience with AWS and Fortune 500 engagements, enable you to make confident technology decisions and realize successful, measurable business outcomes.

Who We Help

We partner with organizations seeking to leverage technology for a competitive edge, including:

- Enterprises undergoing digital or cloud transformation.
- Companies involved in Mergers & Acquisitions requiring technical due diligence and integration strategy.
- Organizations aiming to optimize cloud spend and enhance operational efficiency.
- Federal agencies seeking expert guidance on technology modernization and compliance.

Core Competencies: Your Pathway to Excellence

We deliver end-to-end expertise across these critical domains, ensuring your technology investments yield maximum strategic value:

- **Strategic Technology Advisory:**
 - Enterprise Architecture Assessment & Optimization
 - Comprehensive Technical Due Diligence for M&A Transactions
 - Cloud Center of Excellence (CCoE) Establishment & Enablement
 - Technology Governance Framework Development
 - DevSecOps Transformation Strategy & Execution
 - Strategic Cloud Migration & Modernization Planning

- **Implementation Excellence & Cloud Modernization:**
 - Cloud-Native Solution Architecture & Development (AWS, Azure, GCP)
 - Infrastructure Automation & Orchestration (IaC)
 - Security Posture Enhancement & Continuous Compliance
 - CI/CD Pipeline Modernization & DevOps Enablement
 - Application Modernization & Refactoring for the Cloud
 - Platform Engineering & Site Reliability Engineering (SRE) Practices
- **Enterprise Transformation & Optimization:**
 - Digital Transformation Strategy & Execution Roadmap
 - Organizational Change Management for Technology Shifts
 - Technology Stack Rationalization & Optimization
 - Technical Debt Assessment & Remediation Strategies
 - Cloud Cost Optimization & FinOps Implementation
 - Security & Compliance Framework Implementation (e.g., NIST, ISO, SOC2)

Proven Impact: Our Track Record of Success

Our clients achieve significant, quantifiable results:

- **\$4.2M Annual Savings:** Reduced cloud infrastructure costs for a global streaming platform through strategic re-architecture and optimization.
- **65% Faster Deployments:** Accelerated software deployment cycles for Fortune 500 clients, enhancing agility and speed-to-market.
- **\$2M+ Consolidation Value:** Identified substantial infrastructure consolidation opportunities during M&A technical integration, unlocking hidden value.
- **70% Reduced Vulnerability:** Decreased security vulnerability exposure by implementing robust automated security controls and DevSecOps practices.
- **40% Faster Migrations:** Shortened typical cloud migration timelines using our proprietary frameworks and accelerated methodologies.

The Cirrystack Difference: Why Partner With Us?

- **Deep Enterprise & AWS Expertise:** Led by former AWS and Fortune 500 technology executives, we bring firsthand experience in navigating complex, large-scale transformations and delivering multi-million dollar cost optimizations. Our team possesses extensive experience in regulated industries, including healthcare and finance.
- **Comprehensive & Proven Methodology:** Our holistic assessment approach meticulously examines your technical landscape, operational capabilities, and organizational readiness. We leverage established frameworks for risk evaluation and transformation planning, combined with proven methodologies to accelerate cloud adoption and ensure data-driven decisions aligned with industry best practices.
- **Federal Access & Commitment (SDVOSB):** As a Service-Disabled Veteran-Owned Small Business, we offer unique value and streamlined procurement pathways for federal agencies. We have a deep understanding of federal compliance requirements (e.g., FedRAMP, CMMC), experience navigating complex regulatory environments, and a track record of successful federal implementations.
- **Client-Centric & Outcome-Focused:** We are committed to understanding your unique challenges and goals, delivering tailored solutions that generate measurable business outcomes and foster long-term partnerships.

Company Data

- **SAM UEI:** K3GDKLD9E1L8
- **DUNS:** 080746342
- **CAGE Code:** 7WCD0
- **NAICS Codes:** 518210 (Data Processing, Hosting, and Related Services), 541330 (Engineering Services), 541511 (Custom Computer Programming Services), 541512 (Computer Systems Design Services), 541519 (Other Computer Related Services), 541690 (Other Scientific and Technical Consulting Services), 812990 (All Other Personal Services)
- **Certifications:** Service-Disabled Veteran-Owned Small Business (SDVOSB)
